

### Mobile Phones and Personal Devices Exemption Request

At Mount Gambier High School we have implemented a *Student Use of Mobile Phones and Personal Devices Policy* that restricts student access to mobile phones and personal devices throughout the school day.

Individual students may have extenuating reasons for needing access to their personal device during school hours, such as where:

- the device is used to monitor or help manage a health condition
- the device is a negotiated adjustment to a learning program for a student with a disability or learning difficulties
- the device is used for translation by a student with English as an additional language
- the student has extenuating personal circumstances that require them to have more ready access to their personal device, such as being a parent themselves or a primary carer to a younger sibling or unwell family member.

When an exemption has been approved the student is allowed to use their device for the purpose of the exemption only and should not be using the personal device during the school day for other reasons.

Please complete the following form if you wish to apply for a personal device exemption for your child.
